DETAILED ACTION

1. Receipt is acknowledged of the response filed on 20 May 2005, which has been entered in the file.

Allowable Subject Matter

2. Claims 1-22 are allowed.
3. The following is an examiner's statement of reasons for allowance:

Krummel (US 5,557,091) teaches a document image management system comprising a method for setting up parameters of the barcode to be scanned, Li et al. (US 5,504,319) teaches a scanning system comprises a DSP (digital signal processor) for determining a location and orientation of the barcodes to be scanned, and Yang et al. (US 6,000,614) teaches a two-dimensional code reading system comprising a method of using the image of the reference pattern of the two-dimensional code to compute the area, shape, and positions of the cell in the image of the two-dimensional code. However, Krummel, Li et al., and Yang et al. taken alone or combination, fails to specifically teach or fairly suggest that a method and a system comprising a designating a specification of the two-dimensional code, calculating the specification the two-dimensional code, designating an attachment condition of the image pick-up section, and calculating an attachment of specification including a an attachment distance of the image pick-up section and/or a total thickness of close-up rings in accordance with the specification of a calculated two-dimensional code reading specification as set forth in the claims.
